Profile

I have over six years of experience designing and developing web and interactive projects for clients in different industries. I'm creative and very well organized.

Experience

Interactive Designer / Developer, McDill Design | Milwaukee, WI | 2009 - Present

Primary functions include estimating projects, creating timelines, collecting assets and developing interactive applications. Currently developing the company's Content Management System.

Owner & Interactive Director, Spanglish Diseño | Milwaukee, WI | 2006 - 2008

Designed, developed, and managed www.gotspanglish.com, the online version of Spanglish La Revista®, a monthly bilingual magazine targeted to the Hispanic community of Southeastern Wisconsin. Responsible for the company's website as well as the management & development of different web and interactive projects. Other duties included graphic design of some marketing materials and media kits.

Web Designer / Developer, McDill Design | Milwaukee, WI | Sept. 2004 - Feb. 2006

Planned, designed and developed interactive projects for clients in different industries. Redesigned McDill's website to use Flash and XML for easy content updates. Assisted in various graphic design projects.

Intern, Prom Krog Altstiel | Mequon, WI | Feb. 2004 - Aug. 2004

Worked with one of their graphic designers to develop a new Flash based company website. Helped them create an interactive mini portfolio to showcase some of their work to new clients. Assisted in different projects by creating logos in Illustrator, retouching photos in Photoshop, modifying web content, etc.

Education

MATC, Milwaukee, WI - Visual Communications Associates Degree, 2004.

Skills

PHP, MySQL, CSS, Flash, ActionScript, XML, Photoshop, Illustrator, InDesign. Some experience in audio & video production, 3D animation and photography.
